

Got Tricks-or-Treats?

As a classroom teacher, you have a bag of tricks that you use with your students. Come and share one with us at our HAMS Conference on Saturday, October 16, 2010.

We are looking for any energizers, brain break activities, IDUs, labs, hand-on activities etc. that you are willing to share.

During the Trick-or-Treat session, you will have a station for participants to come over and get a “trick” or “treat” that they can use in their classroom. You would need to supply your own samples (gadgets, games, etc) as a visual for the participants to see. Giving a sample of the item to the participants is not required but you are welcomed to do so.

This form and a copy of your handout to be printed are due by: September 17, 2010.

Mail to: HAMS c/o Lynn Shoji, 607 Analu Street, Honolulu, HI 96817
